MH VALVE CO. 129 Hydrant
with ALPHA™ RESTRAINED JOINT

SOLUTIONS:

Save trench time with only one nut to tighten.

Straightforward installation without any extra parts to worry about, for all levels of field knowledge.

Pipe flexibility to restrain to multiple types of common waterworks pipe materials.

Get the correct angle with individual grippers that allow 4 degrees of **deflection**.

Maintenance **simplicity** with component interchangeability across model years.

Options for oil or grease with dual lubrication.

All hydrants feature a **standard** weathershield to safeguard operational parts.

Retrofit iHydrant Plus™ Hydrant-Based System Intelligence or order a new complete unit.
